

THE UNIVERSITY
of ADELAIDE

19 December 2025

ID: 1798631

Dear Mr Ye

Award Conferred

I am pleased to advise your award has been conferred, and you are now an official graduate of the University of Adelaide. Congratulations on such an achievement. As a graduate, you will be issued with official digital documents, including an official academic transcript and an Australian Higher Education Graduation Statement (AHEGS). You will receive an email once your documents have been issued. You can view and share your digital documents to verify your award with employers, registration bodies, and other organisations.

For more information on official digital documents, please visit the [Official Digital Documents website](#).

IMPORTANT: Ensure you have selected a presentation event by following the instructions below.

All graduates will receive a hard copy of their testamur provided that a presentation event is selected in MyAdelaide. Testamurs cannot be produced earlier than the presentation event selected. To check whether you have selected a presentation event:

- Select **Graduations** in the Menu
- Find your conferral application and check that a **Presentation Event** is listed within the summary

If there is no Presentation Event selected, or if you need to update your Presentation Event:

- Click **Manage Application**
- Select **Update** next to **Presentation Event**
- Select your preferred option and complete the required details
- Click **Save** and then click **Update**
- Ensure that your selected Presentation Event is now reflected in your conferral application summary

Failure to select a presentation event will result in your testamur not being printed, and you may miss the opportunity to attend a graduation ceremony. Graduates are only eligible to attend a ceremony held within 12 months of their conferral date.

If you have any queries, please contact the Graduations Office via email at graduations@adelaide.edu.au.

Yours sincerely

The Graduations Office
